YOUR NAME

MERN STACK DEVELOPER

City, State | +91 XXXXX XXXXX | your.email@example.com | linkedin.com/in/your-profile

PROFESSIONAL SUMMARY

B.Tech graduate and MERN Stack Developer with 6 months of web-development internship experience. Skilled in building responsive full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in HTML, CSS, JavaScript, React Hooks, React Router, REST APIs, database integration, routing, and HTTP methods.

Developed projects including LUXE, an e-commerce web application, an admin dashboard, calculator, and to-do list applications. Familiar with component-based architecture, API integration, state-management concepts, responsive UI development, MongoDB data modeling, and backend development with Node.js and Express.js. Comfortable with Git/GitHub, npm, Vite, and AI-assisted development tools.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, React.js, React Hooks, React Router, Responsive UI
Backend	Node.js, Express.js, REST APIs, HTTP Methods, Routing
Database	MongoDB, Database Integration, Data Modeling
Tools	Git, GitHub, npm, Vite, Cursor, AI-assisted development tools

PROJECTS

LUXE - E-commerce Web Application

Built a responsive e-commerce application using MERN stack concepts. Implemented reusable React components, client-side routing, responsive interfaces, and API/data integration.

Admin Dashboard

Developed a dashboard interface for organizing and presenting application data, with reusable UI components and responsive layouts.

Calculator and To-Do List Applications

Created JavaScript and React applications to practice state handling, user interactions, component design, and responsive UI development.

INTERNSHIP EXPERIENCE

Web Development Intern | Company Name | Month Year - Month Year

Contributed to frontend and backend web development tasks. Worked with React.js, REST APIs, database integration, responsive layouts, and Git/GitHub-based development workflows.

EDUCATION

Bachelor of Technology (B.Tech) | College / University Name | Graduation Year

Relevant focus: Web Development, Software Engineering, Database Management
